

8. Registration of Product Certification (RPC):

- (1) Commodities that have been granted registration may be shipped out of the production premise, or be imported.
- (2) When applying for registration of product certification, the applicant shall submit the type test report, the documents prescribed in Subparagraph 1, Paragraph 1, Article 4 of the Regulations Governing Registration of Product Certification, conformity assessment documents (Declaration of Conformity to Type), and documents prescribed in Clause 6(6) to the inspection authority.
- (3) Registration of product certification review period: 14 working days from application to the inspection authority (excluding the time waiting for supporting document or samples); an additional 7 working days after receipt of the samples in case sampling tests are required.
- (4) Applicants granted RPC certificates shall print the Commodity Inspection Mark on their own responsibility. The Commodity Inspection Mark consists of a diagram  and an identification number (a letter "R" and a designated code). The identification number shall be proximately below or to the right of the diagram.

Example:

R means Registration of Product Certification

00000 shall be the code designated by the inspection authority to the applicant

- (5) If there are changes to the scope of the products listed in the RPC certificate (e.g. changes to the main type or series of type, inspection standards or inspection items) , the applicant shall obtain a new type test report from the testing laboratory that issued the original report and apply for a replacement certificate to the inspection authority.
