

## Annex I

### Inspection Fee Rates and Minimum Fees for Batch-by-Batch Inspection and Monitoring Inspection

| Types of Inspection and Inspection Models           | Import/Export and Domestic Production | Commodity Categories                                                                                                                                                                            | Inspection Fee Rates and Minimum Fees                                                                                                                                                                                                                                                                                                                                                                                                           | Remarks |
|-----------------------------------------------------|---------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| Batch-by-Batch Inspection and Monitoring Inspection | Export, Import, Domestic Production   | 1. Petroleum Products                                                                                                                                                                           | 1. Inspection fee rate: 0.1%, minimum fee per batch: NT\$500.<br>2. If the inspection fee exceeds NT\$100,000 per batch, the portion exceeding this amount shall be collected at half the rate.                                                                                                                                                                                                                                                 |         |
|                                                     |                                       | 2. Rubber Tires, Indoor Fire-resistant Decoration Materials                                                                                                                                     | 1. Inspection fee rate: 0.3%, minimum fee per batch: NT\$1,000.<br>2. If the inspection fee exceeds NT\$100,000 per batch, the portion exceeding this amount shall be collected at half the rate.                                                                                                                                                                                                                                               |         |
|                                                     |                                       | 3. Air Conditioners                                                                                                                                                                             | 1. Inspection fee rate: 0.27%, minimum fee per batch: NT\$1,000.<br>2. If the inspection fee exceeds NT\$100,000 per batch, the portion exceeding this amount shall be collected at half the rate.                                                                                                                                                                                                                                              |         |
|                                                     |                                       | 4. Textile Products (garments, underwear, sweaters, swimwear, towels, hosiery, bedding, hats, scarves, gloves, curtains, protective gear), Ceramic Tiles, Bags and Cases, and Footwear Products | 1. Inspection fee rate: 0.1%, minimum fee per batch: NT\$200.<br>2. If the inspection fee exceeds NT\$100,000 per batch, the portion exceeding this amount shall be collected at half the rate.<br>3. For annual declaration with random inspection, the inspection fee rate is 0.1%, minimum annual fee is NT\$3,000. If the annual inspection fee exceeds NT\$100,000, the portion exceeding this amount shall be collected at half the rate. |         |
|                                                     |                                       | 5. Products Other Than                                                                                                                                                                          | 1. Inspection fee rate: 0.25%, minimum fee per batch: NT\$500.                                                                                                                                                                                                                                                                                                                                                                                  |         |

|                                         |                                     |                                                  |                                                                                                                                                                                                                                                                                                                                                                                            |  |
|-----------------------------------------|-------------------------------------|--------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
|                                         |                                     | the Above Four Categories                        | <p>2. If the inspection fee exceeds NT\$100,000 per batch, the portion exceeding this amount shall be collected at half the rate.</p> <p>3. For annual declaration with random inspection, the inspection fee rate is 0.25%, minimum annual fee is NT\$3,000.
